Natural Adventure from GEA members

"Natural" is the most typical word for Georgia, because this small country is distinguished by its natural environment and diverse landscapes, from glaciers to semi-desert areas. Most of its biodiversity is untouched, from evergreen forests scattered on mountain slopes to swamp ecosystems. However, the most natural of all are the communities, who exemplify this beautiful environment and the nature-inspired culture of their ancestors. They sing, dance, cook, build churches, houses and fortresses, take care of vineyards, make wine according to the 8000-year-old tradition and simply live, live naturally, in love with nature, and most importantly host the tourists like friends of the family.

Concept accommodations: Guesthouses and Eco Lodges

Each accommodation is different, has a story to tell. The hosts will welcome guests with whole heart and make them feel home: Mestia eco huts and Heshkili huts in Svaneti are perfect shelters for hikers; Sapovnela in Imereti and Komli and Skiji house in Guria are perfect places for tea and culinary experience, Savannah Backyard is the best place for birdwatchers, Melaanian Vintage Guest-House is recommended for pure rural experience, while Edi'd Dacha is famous for fantastic view over volcano valleys and canyon. We can find perfect host and experience in each corner of the country. Just ask association's member operators to plan an unforgettable adventure for you.

Horse riding – Journeys across the country

National parks by horse, for example Borjomi-Kharagauli NP, Tbilisi NP, Tusheti NP, Vashlovani and Chachuna NPs, Lagodekhi NP and more, qualified guides, interesting ranch's and breath-taking landscapes, these are experiences and adventures, which we are offering. More you can find www.horsebackgeorgia.com, or just have a look profiles of our members such as Lost Ridge Inn, Brewery & Ranch, Sabaduri Horseback Tours, Maghradze's Ranch, Tsetse family hotel and ranch and many more.

Climbing and more

Climbing sounds extreme and only for professionals, but yet very desirable. Sveri adventure camp is the place, where this adventure is for everyone, via ferrata, climbing, hiking with experienced guides following historical paths, discovering small churches carved in rocks. Local guides will help guests to discover the great karst region of Georgia.

Canyoning in Western Georgia

Magnificent canyons of Georgia are hidden treasure for ordinary tourists, but a whole new world for explorers. Canyoning Club Akhra offers true adventure lovers to discover great beauties of Western Georgia such as Martvili and Okatse canyons, Dzmuisi, Gvalvashara and Kirzala cascade canyons and many more.

Drinking and eating adventures

These are adventures not to be missed: Creative and interesting natural wines, organic food, tea from organic plantations and forest cuisine and forest gifts. Members of association are offering the best culinary and wine adventures, where ancient traditions are perfectly mingled with modern concepts. These places are not to be missed in Georgia: Ilias wine cellar, Oda Family Marani, Martvili wines, Tigis House, Skiji, Komli and much more.

Last but not least – if you want to travel like local, do it with a local guide.

In digital world you can find the information about everything. However, to find the best places to hide to watch the birds or discover endemic flowers and plants, experience the most spectacular paths in the canyons or try the best Khachapuri and natural wines, you would need a help from a local guide!

Find your local guides among our members and enjoy incredible natural adventures in Georgia!
